PLAIN QUESTIONS TO NORWAY PEOPLE

Every Norway Reader Will Admit the Soundness of the Logic

Would Norway people recommend Doan's Kidney Pills as they do if the medicine were not reliable? Would they confirm their statements after years have elapsed if their experiences did not show the remedy to be deserving of it? Statements like the following must carry conviction to the mind of every reader:

C. E. Bradford, prop. of the laundry, Main St., Norway, says: "For some time I had a dull pain through the small of my back, together with a tired feeling. I couldn't rest well. When a friend advised me to take Doan's Kidney Pills I got a supply at F. P. Stone's Drug Store. After I used two boxes, the pains and other symptoms disappeared and there was a great improvement in every way. I have had no kidney trouble since." (Statement given April 30, 1912.)

On June 6, 1916 Mr. Bradford added: "I still have confidence in Doan's Kidney Pills as it hasn't been necessary for me to use a kidney medicine since I took them."

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound as a woman who is suffering as I was."—Mrs. DELIA E. LYNCH, 100 Plain St., Providence, R. I.

Backache and nervousness are symptoms of nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment.

INCREASE IN FLOUR FOR THE ALLIES

Other Notes by Food Administrator

Orono, Maine, April 25.—According to statistics received by Federal Food Administrator Leon S. Merrill, the total amount of food-stuffs shipped in the month of March from the United States and Canada to the Allies was about 1,100,000 tons as against 750,000 for the month of February.

These materials include, from the United States, about 15,500,000 bushels of wheat and its products; about 16,200,000 bushels of other grains and their products about 80,000,000 pounds of beef products, and about 200,000,000 pounds of pork products.

Part of this vast amount of food-stuffs was provided to our soldiers and the Allies, through the splendid co-operation of Maine women who signed the pledge card of the United States Food Administration and who have faithfully followed the instructions and regulations issued from time to time by the Food Administration.

Flour in Packages.

The Food Administration has announced that it no longer prohibits the sale of flour in packages containing less than 12 pounds. In order to make it easier for the housewife to comply with the "fifty-fifty" regulations it was deemed advisable to enable her to purchase flour in smaller quantities. Licensed dealers in flour have been advised that they may market several sized packages weighing less than 12 pounds, with a minimum of two pounds.

The smaller packages, in addition to making it unnecessary for the housewife to purchase wheat substitutes in large quantities, should encourage her to reduce wheat consumption.

Potato Campaign.

Eating potatoes is one way to increase the supply of wheat and for that reason the week beginning April 28th will be observed as Potato Week in Maine. Plans are in the making for an intensive campaign to secure an increased demand for potatoes in order that wheat can be saved for shipment to our soldiers, sailors and the Allies.

Grocers will be urged to arrange attractive exhibits, window displays and to have plenty of potatoes on hand, to supply the demands of patriotic Maine people who desire to answer every appeal issued by the Food Administration.

Patriotic Flour Portion.

A substantial answer to the appeal of the Food Administration against hoarding surplus flour has been received from 42 counties in Arkansas where more than 2,511,000 pounds of flour has been returned to dealers by families which had more than the "patriotic portion."

In an open appeal the Federal Food Administrator of Arkansas had said that city people having more than 24 pounds and country people having more than 48 pounds of wheat flour would be unpatriotic and would hinder America's prosecution of the war.

The Food Administration is arranging with the Wheat Export Company, the purchases for the Allies, to take over the entire results of this Arkansas drive for immediate shipment to Europe.

Mill Sales to Farmers.

An order governing the amounts of wheat flour that wheat and rye millers can sell to farmers or give in exchange for wheat has been promulgated by the Milling Division of the United States Food Administration and has been made public in this State by Federal Food Administrator Leon S. Merrill.

The order limits all millers to the sale of not to exceed 45 pounds of wheat flour to a person living in a rural district. In addition, no miller may knowingly sell in quantities to exceed a customer's requirements for 30 days.

The miller must require the customer to accept wheat substitutes of equal weight to the flour purchased unless the customer submits in writing a certificate showing that he has on hand a sufficient supply of such substitutes. These are defined as hominy, corn grits, corn meal, edible corn starch, corn flour, barley flour, rolled oats, oatmeal, rice, rice flour, buckwheat flour, potato flour, sweet potato flour, soy bean flour, milo, kafir, fefarita flour and meals.

Junior Play Largely Attended

The drama "The Daughter of the Desert" given by Norway High School Juniors at the 12th Annual Exhibition in Norway Opera House, Friday evening, April 19, was well staged and attracted a large house.

This four act western play although somewhat melodramatic, carried along a story of wily comedy, the usual lovers' situations and strong climaxes. The parts had been well cast, giving opportunity for individual work often under unfavorable circumstances. A bunch of "cow punchers" made up in a manner to gladden the heart of a Western hero worshiper added to the Arlington Ranch in Arizona and the hotel office at Tombstone.

Muriel McKee as "Ruth Arlington, a rich ranch owner," passed through experiences calling for nerves stronger than average. "Tenderfoot" is expected to possess. "Harold Morton, a mining engineer," in love with Ruth, played against Arthur Descoeur, played against hard luck as being unjustly accused of evil deeds through a vindictive Mexican Greaser who by every treacherous act tried to secure the love of the unwilling Ruth. John Anderson, the handsome, carefully this evil genius "Silvers," the Mexican Greaser, in a typical manner. His plots and treacherous schemes aided by a "gun" and murderous looking at critical times a person of interference and his intended victims were providentially spared. "Jim Parker," the gambler, in the person of Carlton Barker, had a rapid fire card sharp rapartee well based in his lines and stage business. He figured strongly as master mind by which holding up an officer of the law, with "the Greaser" for an abduction of Mor-

ton until evidence to prove his innocence could be procured. From a distant ranch, Clarence Ogden, a young rancher interested in "Jim Parker, made a strong character to help unangle the web being woven by his friend "Ruth," "Ogden" was on the spot at critical times with a personality thoroughly Western. Fearing nothing he backed up his moves with a convenient hip-weapon which proved a strong persuader in tight places.

Bruce Willis as "Samuel Hopkins," a rich land owner, was a diminutive old chap who followed the bunch when "there was something doing" and had a special weakness for "Widow Ogden's" custard pies and flap jacks. This ravening appetite cemented their friendship into a stock company for the remainder of life. Physically this was an incongruous match and the contrast offered much comedy. Marion Sanborn carried out the "Mrs. Ogden" role as housekeeper with the secret of baking pastry which won Samuel after a "suspense."

Doris Brooks in "Hopkins," Ruth's friend, was a typical home character who seemed above the environment and a true friend to all about her. A Bird, the devoted Indian Girl, was portrayed by Elsie Hunt. She assumed the quiet attitude and broken English of the race, coming to the rescue with information which cleared a stain from one life and fastened the guilt upon another who deserved to reap the harsh re-

ward. "Sheriff Jones," as given by Orin Stone, proved the real thing as depicting that "way-back-from-the-country seat," slouchy official. The shining badge and trusty gun were conspicuous. With all the near miscarriage of justice Jones "Greaser" so everything could and happily with the villain safely eliminated.

The High School Mandolin Club furnished music between the acts. Donald B. Partridge delivered a ringing patriotic appeal going directly to the heart of every person there.

Harold A. Anderson coached and staged the show. Edward G. Burnell applied the grease paints for the varied character make-ups.

Flags Raised at Ward 8

A large American flag and a service banner containing twenty-five blue and one gold star representing the boys from that district who have gone out to help Uncle Sam, floats over the highway near the square, corner of Main and Fair streets.

Special exercises were carried out Patriotic Day, April 19, at 2 p. m. The honor flag failed to arrive until the following day but the Stars and Stripes were dedicated to the soldier boys at that time with appropriate music and speeches which gave no uncertain note as to the patriotic attitude of the citizens in Norway.

Herman L. Horne was chairman of the meeting, announcing the program and introducing the speakers with appropriate remarks. The flag was thrown to the Stars and Stripes being sung by school children under the direction of Elizabeth McCreery, supervisor of Music in the Norway schools. Morris Klein, a naturalized American citizen, and his daughter, Elizabeth Klein raised the emblem as an honor to the five sons in that family who have gone from their home to serve in the infantry, Medical Corps and Foreign Censor office. The gold star representing Pvt. Peter Klein N. H. S. 13 raised this a touching ceremony not soon to be forgotten.

Donald B. Partridge, a D. D. Maine Regent, served faithfully until mustered out and joined the great army beyond, because of fatal injuries received while guarding a railroad bridge at Saco.

Donald B. Partridge read the honor roll and delivered a stirring patriotic address concluding with a short memorial service for the young soldier, the first Norway boy to give his life in this struggle for humanity.

The young ladies' chorus rendered "Keep the Home Fires Burning" with mandolin accompaniment. The volunteer singers were Marguerite Lougee, Marion Lougee, Mrs. Oliver Foss, Mrs. Don Whitney, Josephine Chase, Marjorie Barker and Elizabeth McCreery. Rev. M. O. Baltzer, pastor of the Second Congregational Church, reviewed the hardships through which the colonists passed at that epoch making period when the North battled for a humanitarian principle which the South considered with their rights to object by force of arms.

After the school children sang "O Columbia the Gem of the Ocean," Hon. Albert J. Stearns delivered a strong appeal for the hearty cooperation of every citizen in this gigantic war for the World's Peace and at last our sons across the sea with its dangers and uncertainty too great even to sending our sons across the sea with its dangers and uncertainty.

He paid a tribute to Mr. and Mrs. Klein for this display of staunch Americanism, which can give their sons to an adopted country.

The honor list as published last week should include Pvt. Frank L. Adams enlisted June 30, 1917 in the 16th Field Artillery U. S. Army and is stationed at Charlotte, N. C. His wife, formerly Hattie Crocker, is with her parents, Mr. and Mrs. A. T. Crocker of Winter street.

The flags were purchased by voluntary subscription from the Ward 8 residents and friends, Howard L. Drake and others being the prime movers in securing funds, ordering the banners and arranging the program. An unexpected surplus will be contributed to a good cause, or held until the next big patriotic event is given in that district as planned.

Kilonis Won From McCarthy

John Kilonis, champion middleweight of New England, secured straight falls from P. M. McCarthy, the Whitehead Harp, in Norway Opera House Thursday evening, April 18. The rounds went with a dash and finish, showing all the primal in his or breaks used by professional wrestlers. In fact it was a classy exhibition of mat tactics both smooth and rough. Kilonis won the first fall in 38 minutes, the second in 11 1/2 minutes.

Kid Boldue, holder of the lightweight belt and Furse, the Greco-Roman champion, entered the preliminary round with the toss and the first round was pulled with his favorite style of wrestling, placing Boldue at a disadvantage. The Finn won this fall in 22 1/2 minutes, using a half Nelson and hip lock. Catch-as-catch-can style during the second mill-gave Boldue a better looking as the too hold was allowed, which frequently placed his opponent in a precarious position, giving the Kid the second and third fall for a win by its use. Undoubtedly Furse is a seasoned athlete, but not on intimate terms with the American methods with its sly tricks.

Without question Kilonis is the best man seen here and uses the real science when necessary.

McCarthy is not far behind, but was not classed at this meeting. With an ordinary opponent he would come across with greater strength and appear at a better advantage.

Fred Gregg, manager of Homer Truman, accepted Kilonis' agreement to give a return handicap match. Kilonis won the first show but the Norway gamester believed he could hold out under the terms proposed. Gus Legendre of Lewiston was referee during the evening.

What Will Be YOUR ANSWER?

THE TUSCANIA LIES AT THE BOTTOM OF THE OCEAN, A VICTIM OF GERMAN RUTHLESSNESS. With her are some of our boys who have given their lives that you and I here at home may be safe. The hundred odd lives have gone forever—nothing that we can give can in any way atone for what they have given.

But we can do SOMETHING. It may not be much, but what we CAN do we MUST do. Germany has slapped our face. She has said to us, "You cannot cross the ocean with your men. You cannot fight us because you cannot reach us." And now she is waiting for our answer. What will it be? Are we going to sit here and simply sigh and say how sorry we are, or are we going to act?

Those who know America will realize that every man, woman and child is going to join in an answer that can be heard from one end of Germany to the other—an answer so clear, so strong and so true that it may have a far greater effect than any of us can imagine on Germany's future policy.

LET THIS BE OUR ANSWER—let every man, woman and child in this great land of ours go out today and buy Liberty Bonds. Let's show Germany that instead of undermining our morale, a catastrophe like this only stirs us to action.

Let your answer be a Liberty Bond.

This is to Give Notice

On April 30, 1918, we shall close our doors for the last time on the CREDIT system, and May 1st will open on a CASH basis.

We feel compelled to do this for the reason all the manufacturing interests of the country have gone onto a cash basis.

All machinery at the time of sale must be settled for in cash or a good bankable note. All repairs will be cash. Repairs ordered by mail or telephone will receive prompt attention and be sent C. O. D.

This step has been taken after long and careful consideration and is the only way we can see out of the present situation.

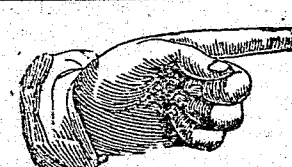

We hope and trust this change will meet the approval of our friends and patrons, who in the past have given us their patronage, and to whom we feel very grateful.

We believe that the change will be of great advantage both to ourselves and our customers, for we certainly can give you more value for your money than we can on the old system.

South Paris (Continued from page 1)

Patriots Day Fittingly Celebrated

One of the best parades given in South Paris in years was organized Friday for the purpose of stimulating the sale of Liberty Bonds. Flags and decorations were conspicuous throughout the village and the country side turned out in large numbers to observe the unusual event.

The line of march formed at Paris high school building on Pine street about 10 o'clock, and proceeded up High, down Western avenue, down Pleasant street to Market square, thence to Shurtleff primary school, and back to Market Square.

The line was nearly a mile long. It was led by the Sons of Veterans, with George Eastman as color bearer followed by the veterans of the G. A. R. and Ladies' Circle of the G. A. R. in automobiles, bedecked with flags and banners patriotically inscribed. Isaac Monk was the color bearer.

Next came South Paris Service League led by Ruth Bolster and Flora Murch, carrying "The South Paris Service League" banner. These ladies were followed by the Boy Scouts, with Scoutmaster Chester Soule, principal of Paris high school in charge, with Elmer Dean and Robert Demmon, drummer boys.

Then came several hundred children from all the schools in town in charge of the teachers. It was a long time for the tiny tots, but they marched proudly along without an indication of fatigue.

A large flag carried by the lady employees of the Mason Manufacturing Co. all dressed in pretty costumes of white with blue caps and white stars and red trimmings were very attractive and one of the hits in the parade.

There were 40 autos in the procession all bearing banners suitably inscribed and tastefully decorated.

The drum corps was composed of Howard Shaw, George Soper, Donald S. Briggs. The Girls' Patriotic League went in autos with Marion Clark dressed as Uncle Sam, white hat, white hair, white whiskers and all! Beside Uncle Sam were flower girls and Red Cross nurses.

"Minnewawa Camp Fire Girls" with Ethel Crockett as guardian, offered a novel hit with their typical Indian costumes.

Fred LeBaron as "Kaiser Bill," with helmet, purple robe and the characteristic moustache, occupied a cage built on the trailer and hauled by the Paris town tractor. John Ranney as Uncle Sam drove the machine, while soldiers with fixed bayonets marched alongside ready to frustrate any attempt at an escape.

A placard "The Beast Kaiser" labeled the exhibit which was not needed as the hit was self-evident.

Around the four sides of this float in bold letters were inscribed, "Every Bond is a bomb thrown at the Huns," "Back up the boys with a Liberty Bond," "Don't shirk your duty, buy that Bond, today," "If you can't fight, your money can buy a Liberty Bond."

This exhibit was the work of Selectman Charles W. Bowker.

All along the route the service flags were saluted by the Service League and hastily cheered by the boys. As the procession proceeded to Market Square, another very pleasing feature was the representation of the Goddess of Liberty by Nora Dunham, daughter of Mr. and Mrs. Eleanor Dunham of South Paris who posed in the window of Mrs. Luella C. Stanley's store even the Kaiser noticed this personage and bowed low.

At the close of the parade all gathered in Market Square where the school children sang "God Save our King" and "The Double U and Double S" Yankee Doodle Dandy. The Star Spangled Banner. Ira Nuttner, supervisor of music in the schools directed.

Rev. Chester G. Miller gave a fine patriotic address, followed by Howard T. Briggs who urged all to buy a bond to help our boys over there. Both speeches were loudly cheered.

The chairman who managed this part of the Patriotic observance parade were: Charles W. Bowker; automobile, Peaseley Ripley; speaker, Harold T. Briggs, decoration, Nelson G. Elder; banners, Donald S. Briggs; music, Howard Shaw; publicity, Alton C. Wheeler; to confer with factory management, Walter L. Gray.

Special Trains For Patriotic Labor The Grand Trunk is running a special train from West Paris on Saturday and Sunday mornings, leaving West Paris at 6:30 and South Paris at 6:45 for the purpose of speeding up the handling of shells, flour and foodstuffs for the Allies at Portland. This offers an opportunity for all patriotic workers to do something practical for the cause and earn reasonable wages while assisting the government.

The railroad pays 33 cents per hour for day work, 38 cents for night and Sunday work, from the time of leaving home to return. The men can come back on the train due here at 7:00, or on a special leaving Portland at 11 p. m. It is understood that the special trains will be run as announced until further notice.

Service Flag at Baptist Church A service flag carrying five blue and one gold star was presented to the Baptist Church Sunday morning, the presentation being made by Carrie Moore in behalf of Mrs. Clarence G. Morton's Sunday School class.

The gold star is in memory of Frank West, who died of pneumonia soon after joining the navy, while the blue stars represent Guy R. Cole, Canadian Overseas Force, Elmer Robert Tyler, Navy, Carroll Cutting, Robert Parlin and Lionel Bowker.

Paris Grange was called to order by W. M. Dudley at 1:30 p. m., April 20. The Steward was the only officer who was not present. Program of meeting:

Song, Star Spangled Banner. Grange Reading. J. S. Brown and W. S. Starbird. An Auto to Montreal. Mr. E. S. Dudley. Question, "Are Farmers Slackers?" Discussed by Mrs. J. F. Briggs. Mr. E. S. Dudley both claiming that as a class they were doing their part equally as patriotically as any other class.

Closing Song, Nearer My God to Thee. Grange The lecturer was instructed to see about having a Food Demonstration in the Grange hall at some future date. Next meeting will be May 4th at 1:30 p. m.

Law Partnership Formed Harry M. Shaw has given up his office in Maxin Block and moved into the law office in Billings Block occupied by Hon. James S. Wright. A partnership has been formed for the practice of law. Mr. Wright is one of the oldest and best known attorneys in Oxford County, having been admitted to the Oxford bar September 1893, also served ten years as clerk of the Supreme Judicial Court and later became County Attorney.

Mr. Shaw is a native of Paris, read law in the office of County Attorney Frederick R. Dyer at Buckfield and graduated from the University of Maine Law School. He was admitted to practice at the March term of Court, 1917.

Annual Field Day A. W. Walker & Son held their annual spring field day Wednesday for an exhibition of agricultural implements, tractor, motor cars and gasoline engines from their large stock. They make this an opportunity to instruct and advise the farmer in his seed and fertilizer selections which are important and questions this season owing to high prices in every department of agricultural work.

An interesting feature in the morning was a demonstration of ploughing and road making by the Paris town tractor crew.

A baked bean dinner with fruit for dessert was served at noon in the corn factory through the cooperation of the Burnham & Morrill Co. The representative from this company also met the people and contracted for a considerable sweet corn acreage.

A school of instruction followed the day dinner with Albert W. Walker in charge. Patriotism was the theme brought out by the speakers and emphasis was laid upon the part the farmer must play in this grim drama of Democracy is to win. Rev. C. Wellington Rogers, pastor of the South Paris Congregational Church, spoke on "War Sacrifices" and Alton C. Wheeler presented in a forceful manner "Farming Finances," by which he explained the farmers' loss of status, which is intended to assist the food producer over the hard places. Charles Tucker of the International Harvester Co. explained the necessity of conserving the soil's fertility if bumper crops are to be raised. He urged every farmer to go at it with a will this season and do his very best, it being no time for a rest.

Mr. and Mrs. Frank Farrar of Paris Hill are to move to South Paris to live with Mrs. Farrar's brother, David B. Woodbury. Mr. Farrar has sold his farm to E. B. Davis.

Shaw's Orchestra has been engaged for the orange dance at North Buckfield, May 31, and will play music for the graduation at West Paris High School, and the reception and ball given by the Canton High School.

Mrs. F. A. Heidner and Laura of Springfield, Mass., are guests at L. M. Noyes, while getting their household goods ready for shipment to Springfield. They have purchased a house there and will settle their home at an early date.

Paris High opened the baseball schedule Friday afternoon on the Pine street grounds winning from Gould's Academy with the score 15 to 6. The Behel team have not been able to use their grounds this season and were far below par. Paris landed hard on the start with doubles and triples which piled up runs against all defenses.

The pupils of the eighth and ninth grade room are second of the Paris schools to receive a certificate of credit for having a one hundred percent enrollment in the War Savings and Thrift Stamp Campaign. Liberty Bonds \$350, War Saving Stamps \$95, Thrift Stamps \$36, a net amount of \$481. The girls of the Patriotic League have just completed an Afghan, besides making several ambulance pillows.

This will of Mrs. Drucilla Dunn of So. Paris came before the Probate Court recently for a hearing, it being contested by Mrs. Gammon of Canton, Mrs. Dunn's sister, through her attorney, Frederick R. Dyer of Buckfield. This instrument was drawn January 1914, Hon. James S. Wright is named as executor and by its terms Mrs. Margaret Tyler of South Paris would receive twenty-five dollars, the residue was given to the South Paris Baptist church as a fund, the income of which is to be used to support preaching. A savings bank deposit accounts to about \$1,500. Mr. Dyer presented no witnesses and offered no objections to the decree allowing the will, but was granted ten days in which to file an appeal.

Col. Alfred A. Starbird, son of Mr. and Mrs. Winfield S. Starbird of South Paris has been nominated for brigadier general by President Wilson. Col. Starbird served in the Spanish-American war leaving Maine with Co. D, Norway, as a private, advanced rapidly to Lieutenant then Captain and now is acting inspector general in the regular army.

A service flag is now being displayed in the drug store window of Charles H. Howard Co., containing 7 stars representing the boys who are now in the United States service, that have clerked in the drug store, Robert W. Wheeler, Arthur Dow, Murray Bigelow, Raymond Atwood, Earl Clifford, Hubert Barker and Donald Bartlett.

E. B. Clifford has purchased the grocery store of Ernest F. Shaw located opposite Grand Trunk Station.

Mrs. Clara Howard is visiting her cousin, Mrs. L. Bradford at Woodfords.

Porter District. Joseph Fortier, who has spent several weeks at P. R. Legendre's, returned to his home in Worcester, Mass., Friday. John McKee was home from Bates College from Thursday until Sunday.

E. F. Shaw from South Paris made his last trip through the neighborhood last week. Mr. Shaw has come with groceries once in two weeks for the past six years.

Streaked Mountain The Club House is still growing. Mrs. Nathan Maxim is visiting her sister, Mrs. William Bisbee of Norway. Mrs. Fred Corbett entertained the Jolly Club Thursday afternoon. It was a jolly time, refreshments were served. Gilbert Shaw and Harold Shaw have been working for E. H. Maxim, shingling his barn.

Mr. and Mrs. Ernest Turner of Buckfield spent Sunday at E. H. Maxim's.

THIRD SELECTIVE DRAFT LIST

Provost General Crowder has issued a call for 49,843 men. Maine must furnish 200, which requires Oxford County to send 11 as their quota. By order of the local board the following registrants in Class 1 will report at the County Buildings, South Paris, Thursday morning, May 2 at 10 a. m. The party will leave on the afternoon express for Fort Slocum, N. Y.

Each draftee must present their card when they report on that date which is an order requiring strict enforcement. Chairman B. E. McIntire believes it the duty of the citizens in Norway and Paris to give the boys a rousing send off Thursday afternoon, also not forget the large party who leave Tuesday.

He has applied for a special car to accommodate the 46 draftees who leave South Paris on the second call Tuesday morning, April 30 for Ayer, Mass. This thoughtful act will be appreciated by those who can journey to their camp without a transfer.

 many hot climate moths which are beau-
 tiful objects surpassing in color anything
 we have in this latitude. This collector
 was formerly a member of the crew work-

 Maine and can tell many interesting
 things about insects not of common knowl-

Oxford County Medical Examination
 Thorough
 The Oxford County board has sent
 away by selection in two drafts and in-
 duction thirty-one registrants, every man
 has passed the several physical examina-
 tions required at the various camps where
 they have gone. This is a fine record
 as reports show a loss of about twenty
 percent has occurred when the draftees
 and others have assembled for the final
 examination by army specialists.

The examining physicians are Dr. Her-
 man L. Bartlett, Norway; Dr. Bial F.
 Bradbury, Norway; Dr. E. M. McCarthy,
 Rumford; Dr. O. L. Halon, Mexico. On
 the Medical Advisory Board are Dr. L.
 H. Trufant, Norway; Dr. J. G. Littlefield,
 South Paris; Dr. I. H. Wight, Bethel and
 Dr. Harry P. Jones as dental examiner.

 ford County situation will be talked over
 and reports from various sections read

 meeting and a large attendance is ex-
 pected. The Committee are as follows:

State Com.—Fred L. Edwards, Bethel.

Government Employment for Registrants
 The local board at South Paris are au-
 thorized to receive applications from cap-
 able men in the draft regardless of class,
 who can qualify in certain trades. Lists
 containing some seventy-five skilled oc-
 cupations and professions have been pos-
 ed at Rumford, Norway post office, and
 the local board office at the County build-
 ings, South Paris. Men who have passed
 the physical examination or can meet
 that standard for general service will
 find it to their advantage to consult the
 local board not later than Saturday, Ap-
 ril 27, as registrations on that induction
 list will close this week.

Adjutant General George McL. Pres-
 son at Augusta issued the following
 statement to the local boards:

"There is an immediate demand for
 skilled men in various units of the army,
 needed by General Pershing. The Se-
 lective Service machinery must produce
 these skilled men. Delay in the several
 states in completing the occupational
 cards precludes a resort to the cards to
 secure these men. About 12,000 will be
 needed in the near future."

"The military duty and training of
 these skilled men will be interesting, and
 the men who succeed in securing induc-
 tion into the branches of the service to
 be filled will receive material personal
 benefit, which will aid them in advance-
 ment both in their army career and in
 after life."

Congregational Sunday School Gave Flags
 The Stars and Stripes and a Service
 flag were unfurled at the Second Congre-
 gational church Sunday directly after the
 morning sermon.

Mrs. Herman L. Horne played the Mar-
 seillaise and ten Boy Scouts with Paul
 Nevers and Billy Brown acting as color
 bearers came to attention before the as-
 sembled company. As the Star Spangled Banner
 was played Roland Andrews and Leo Bennett
 raised the flags over the rostrum, where
 they will remain in honor of the young
 men who have gone from the Sunday
 school to battle for the world's peace.

Supt. Arthur W. Easton read the honor
 list and the services closed with the sing-
 ing of America. Helen Holmes arranged
 the order of exercises and secured the
 names for the honors as follows:

 tics, Cornell University, N. Y.

The second town meeting called to consider the Pegawtic Trail resulted in the following vote: Not to rescind vote of previous meeting, 172. To rescind vote of previous meeting, 117. Tobias L. Eastman was moderator. The town will build the trail.

Another article in the warrant calling for the restoration of an appropriation of \$600 for a State aid road to Lovell was passed over.

The second town meeting held Thursday to settle the Ossipee trail question was proved to be a wholly unnecessary affair as Larry Chaplain from Portland soon explained to the large number present. However after votes were counted at the second those in favor had a large majority and thus avoided any chance for the opposed to feel they did not have fair treatment. Great excitement prevailed. Asa O. Pike has conducted these meetings in a manner so creditable to himself that he has proved he is capable of filling an office to which he may be called in either town or state in the future. "I'm With You for All I'm Worth"

The man who puts on a uniform and goes to take his place where the fighting is done is with the Government for all he is worth. When man has staked his life he can go no farther in proving his loyalty.

There are many of us who cannot offer our lives in the service of our Country. Nevertheless, we too, can prove that we are with our Government and our Nation for all we are worth.

By purchasing Liberty Bonds to the full extent of our ability we prove our faith in the justice of our cause, we give our support to the men who are going to fight our fight, and we earn for ourselves the satisfaction that can come only through a conscientious performance of duty.

YOU TAKE NO CHANCE

The man who goes to fight necessarily takes a chance. In buying Liberty Bonds you take no chance. Your investment is secure. Liberty Bonds are just as sound as is the money which the Government issues. A Liberty Bond is better, in fact, than money, because the Liberty Bond you buy today may be worth more than its face value when you get ready to cash it in. Money can never be worth more than 100-cents on the dollar.

Don't let another day go by without proving that you are with the forces that are fighting for the preservation of liberty.

The Most Wonderful Plant in the World

If a large and thoroughly reliable business concern offered to the public a plant that could be bought in any size, at a price suited to every man's pocketbook, that required absolutely no care, would grow out-of-doors or in the house, summer and winter alike, and was guaranteed to bear twice a year, on stated days for a long term of years, blossoms so highly prized that anybody would accept them in payment for merchandise and service; and if at the end of the period the concern guaranteed to repay the owner his total original cost—such a plant would truly be the most wonderful plant in the world.

The foregoing conditions apply exactly to the terms and advantages of the third issue of the Liberty Loan Bonds. We advise their purchase by every household in the country.

Worth Fighting For

SHALL this little girl grow up in an American home, healthy and happy? Shall she have the advantage of living and learning in a free land, under free institutions? Shall such children develop into the Liberty-loving citizens that a free America may be proud of?

For over two hundred years Americans have fought valiantly, and died gallantly, to win for themselves and hand down to their posterity the blessings of liberty, justice, self-government and equal opportunity. This precious heritage, bought at so great a price, is now in danger.

The question which to-day confronts America as a nation, and you as an individual, is whether or not a free America is worth fighting for

Are American children in this and all future generations to receive unimpaired the legacy of freedom of which we are now the custodians, or shall their country be turned over bodily to the brutal, rapacious, power-mad enemy which has forced us into this war? This question cannot be answered by word of mouth, but by deeds alone.

Franklin Grange

Franklin Grange held a very interesting meeting, April 20. State Master Thompson was present and gave a fine talk on the war and the part that the people, especially the farmer, must play in order that the war may be won. Mr. Thompson believes that people in general do not realize how serious is the situation that confronts the country and the tremendous effort which must be made by each and every American. He said it was much better to make up our minds that we are in for five years of war and have it end sooner than to think the war will close this year and have it last five.

Brother Freeman Wyman was present and gave an interesting talk. Brother Wyman believes that many reforms will result and have resulted both in this country and among the Allies from the necessities of the war. Mr. Wyman was one of the charter members of Franklin Grange and we are always glad to welcome him.

The next meeting will be in the evening.

"George Allen England, latest of the American-born Socialists to line up with the critics of Germany and call upon all Socialists in the United States to aid the national Government in every way in combating the German military power, was a high standing student at Harvard University from which he graduated in 1903. Five years later he was a Socialist candidate for Congress in the State of Maine and in 1912 he was the same party's candidate for the governorship. Of late years he has been a literary adviser for one of the large New York City publishing houses. He was born at Ft. McPherson, Nebraska, where his father was then acting as a chaplain in the regular army."
